

**Candia School District
Bring Your Own Device (BYOD)
Student User Agreement**

Purpose:

Many students' lives today are filled with media that gives them mobile access to information and resources 24/7. Outside school, students are free to pursue their interest in their own way and at their own pace. The opportunities are limitless, borderless, and instantaneous.

In an effort to put students at the center and empower them to take control of their own learning, the Candia School District will allow students to use personal technology devices. Students wishing to participate must follow the responsibilities stated in the Acceptable Use Policy as well as the following guidelines.

Device Types:

For the purpose of this program, the word "device" means a privately owned wireless and/or portable electronic piece of equipment that includes laptops, netbooks, tablets/slates, iPod Touches, cell and smart phones.

Guidelines:

1. Any student who wishes to use a personally owned electronic device within the Candia School District must read and sign this agreement and submit it to the building principal.
2. The student takes full responsibility for his or her device and keeps it with himself or herself at all times. The school is not responsible for the security of the device.
3. The student is responsible for the proper care of their personal device, including any costs of repair, replacement or any modifications needed to use the device at school.
4. The school reserves the right to inspect a student's personal device if there is reason to believe that the student has violated Board policies, administrative procedures, school rules or has engaged in other misconduct while using their personal device.
5. Violations of any Board policies, administrative procedures or school rules involving a student's personally owned device may result in the loss of use of the device in school and/or disciplinary action.
6. The student complies with teachers' request to shut down the device or close the screen.
7. Personal devices shall be charged prior to bringing it to school and shall be capable of running off its own battery while at school.

8. The student may not use the devices to record, transmit or post photos or video of a person or persons on campus, nor can any images or video recorded at school be transmitted or posted at any time without the express permission of a teacher.
9. The student should only use their device to access relevant files.
10. The student will use the guest wireless network. Use of 3G, 4G or similar wireless connections is not allowed.

As a student I understand and will abide by the above policy and guidelines. I further understand that any violation of the above may result in the loss of my network and/or device privileges as well as other disciplinary action.

As a parent I understand that my child will be responsible for abiding by the above policy and guidelines. I have read and discussed them with her/him and they understand the responsibility they have in the use of their personal device.
