HIGH SCHOOL BUS CHANGES EFFECTIVE 10/2/2017

1. CENTRAL BUS

Beginning on Monday, October 2nd, there will be a single bus picking up Candia students. This change has been done as we only have a total of 10 students who ride the bus at any given time. The change has resulted in the combining of the previous 2 routes and has resulted in slight modification to pick-up times. Please see the attached route and schedule below for Bus 5.

2. PINKERTON BUS

Beginning on Monday, October 2nd, there will be two additional stops in the afternoon for student drop off.

A. High St/Moore Park Entrance

Students will be dropped off across from the Moore Park entrance. This will allow student to proceed to the library or fields for after school activities. Parents picking up their children from this location will park in the Moore Park parking lot. *No parking at the Smyth Public Library or large vacant lot across from Candia House of Pizza.* The bus will be arriving at approximately the same time as our Moore School early runs will be released. Parking in the library or vacant lot will cause delays for our buses. *Parents found in violation of this request will be notified. Continued failure to park appropriately may result in revoking bus privileges.*

B. High St./Merrill Road

This will be an afternoon only stop.

Please inform the Transportation Committee of any questions.
