

PROSPECTIVE NEW ENGLAND COLLEGE CHOICES FOR STUDENTS IN C LEVEL COURSES

This sampling of schools should be used as a guide and not a guarantee of admittance or qualification for acceptance. Colleges take into account many factors, both academic and non-academic when making admissions decisions. Colleges often reject even *qualified* students due to a variety of reasons, including number of openings vs. number of applicants. Colleges and universities should be contacted directly for up-to-date and accurate admissions information. This is not meant to be an all-inclusive list.

Equal Mix of B/C Level Courses - (dependent on program of study):

- TECHNICAL AND 2 YEAR TRAINING PROGRAMS
- COMMUNITY COLLEGES
- OTHER:

American International University- MA
