What Gave The School Its Name?

by: Julia Gonthier

The Henry W. Moore school was named after Henry W. Moore who lived here in Candia from 1830 to 1925. Henry Moore's father, John Moore, lived from 1792 to 1879. Henry's father came to Candia in 1818 from Pembroke, NH. John had a store in Candia for a little while then after he sold the store to William Turner where he built carriages. In 1850 John bought some farmland at the four Corners near the school and he kept a tavern when he owned the land, we now know the tavern as "Petrin's Funeral Home".

Henry W. Moore and his brother John Taylor Moore, got the building when father passed away. Henry then moved into a different house when his business was destroyed during the "Great Fire" in Boston during the time being. His brother, John Taylor Moore lived in Manchester and was a successful lawyer and real estate investor.

In the year of 1881, Henry's older brother, John Taylor built the "Moore Opera House". Now it is the "Candia House of Pizza". In 1916 there was "Moore Park" which is actually called "Moore's Grove." It used to be part of a farm but when a horrible hurricane struck in 1938 and took out most of the pine trees that cleared some of the land.

Henry died at the age of 95 years old in 1925. He left Candia with \$8,000 to create an elementary school for our community. The people voted whether to make the school or not, and it took about \$20,000 to build. Five years later the school was burned down, but it lost \$25,000 and only half of the property was covered by insurance. The federal government gave the whole town over \$13,000 to rebuild the school and the new Moore School opened that fall.

Have you ever wondered what people's favorite Halloween candy is? We took a poll of sixty students in grades 4-6, and this was our results.

Twix	Hershey's and Kit Kat's	Snickers	Candy Corn	Dot's
35	4	5	13	3

Overall the most popular candy by far is Twix! However we do not know if people prefer the left or right twix!

Boys Soccer

Alex Foti

The boys soccer team wrapped up the regular season at 12-0 and they are still undefeated! Hopefully they will win the championships this year! They've beaten some of the best teams in the league and yet haven't lost a single game. They say that their best game was against Nashua Catholic School. According to the soccer team, the best part of playing soccer is being around your friends and having a good time. The people on the soccer team are: Ryan Melendy, Max Cote, James Cote, Ryan James, Scott McDaid, Sam Martin, James Wallace, Landon Earehart, Ryan Wojcik, Parker Cox, Henry Bradshaw, Rolston Ladd, Ethan McKenna, Jayden Ickes, Adam Fultz, and Carter Woodrow. Go Lancers!

Update: Sadly the Lancers lost the semi-final but still did a remarkable job during the season, we can't wait to see you play next year! Go Lancers!

Meet the New Teachers?

Alex Foti

This school year has started out awesome! Recently, I interviewed the two new teachers that have been introduced in our middle school hallway, Ms. Sheys and Ms. Withee!

Ms. Withee said that she had wanted to be a teacher since she was four years old. Her mom was a teacher, and is now a principal, who has always been her biggest inspiration. She chose Moore School because she lives in Hooksett, and when she met all of the nice people here, she couldn't wait to start! Ms. Withee attended Stonehill College and said that teaching can be hard sometimes, but it is her favorite thing that she has done with her life so far. Her favorite part of being a teacher is meeting all of the students because she teaches four different classes and loves making connections and bonds with them. Her first class teaching was a blur, and very overwhelming but it was very fun for her!

Ms. Sheys said that she had always wanted to be a teacher since she was a little girl, she even used to pretend to be a teacher, and had that ambition ever since. She chose our school because she attended a STEM camp a few months ago where she worked with some of our teachers including Mrs. Murphy and Mrs. Pacheco. Ms. Sheys attended three colleges, she first went to Gordon College. Next she attended Lesley University which is where she finished her bachelor's degree. Finally, she traveled to Southern New Hampshire University where she got her master's degree. She says that being a teacher is like being in a video game. You never know what to expect, and sometimes it feels nerve racking, but it always turns out fun no matter what! Her favorite part of teaching is building relationships with her students. She said Her first day was really busy and exciting! It was a great day for her.

Interview with Mr. Abril Sanchez

By: Keira Heneghan and Naomi Tracy

!Hola como estas! Have you ever been curious about the new Spanish teacher? Mr. Abril Sanchez, our new spanish teacher, is from Spain North of Asturias. He came to New Hampshire seven years ago to work at the "University of New Hampshire". He enjoys playing solitaire and listening to rock music but most of all, hanging out with his family. He has One brother (2 years older) and used to have a dog. He likes to go anywhere with his family but most of all Spain! He finds it challenging to help kids appreciate foreign languages. Although he does find rewarding, when a student grows as a citizen and to appreciate other cultures. He became a teacher because he has always loved kids and especially ones that behave!

Why Did We Move the Playground?

By: Naomi Tracy and Kiera Hennigan

We were curious why the playground has moved to the field now so we interviewed Mrs Wing and asked what the reason was behind it. Mrs. Wing said she moved the playground because the tar had cracks and holes in it which was dangerous ,and would hurt more to fall on the tar than the grass. She wanted to listen to the people around her and make the school safer for the years ahead. These Changes are made by Mrs.Wing but have to be approved by her bosses the superintendent Mr. Rearick and the School Board. These changes are important and are needed to be taken seriously in order for the students to make good decisions and be safe.

Mrs. Wing still has to follow the state laws and the school rules though. When there is a need for a change it has to be safer and better than the last idea and not interfering with learning. This is how the moving of the playground and other important decisions are made at our school.

What is a VSCO girl

Kiera Hennigan and Naomi Tracy

Have you seen or even actually are one?

First of all a vSCO girl wears lots of scrunchies and oversized tee shirts, Burt's Bees, shell necklaces, "Pura Vida" accessories, sweatshirts, spandex, Tie dye and jewelry, metal straws, hydro flasks, airpods, apple watch, perfume and mascara, polaroid and pictures hanging in their room, stickers (on there hydro flask), fairy lights, turtle stuff. They love birkenstocks and crocs, cactuses, messy buns, an obsession with saying "And I oop-sksksksk" and "Save The

Turtles". They go shopping at Hollister, Urban Outfitters, and Brandy Melville. They usually get their drinks at Starbucks, loves to do Tik Toks, Instagram, the VSCO app, text (using emojis), likes anything pastel, oversized, and denim.

Well that's a wrap, *drops hydro flask* "and I oop-sksksksk"
