

## **The Showcase of Talent - Virtual Edition - Submission Guidelines**

- 1. Students must have prepared performances and parents/guardians must sign a permission slip showing that they are aware that their child is performing in the virtual Showcase of Talent.**
- 2. Students and/or parents/guardians are responsible for recording their submissions and sending them to Mr. Wood via [bwood@sau15.net](mailto:bwood@sau15.net). Permission slips must be completed and attached to submissions. Artwork, writing, photos, etc., must be labeled with the student name (first and last), grade level, "SOT," and title of submission. Recordings should include the student's name, grade, and "SOT."**
- 3. Acts may include but are not limited to: singing, playing an instrument, dancing, comedy, magic, etc. This is digital, so use your imagination. Don't limit yourself to stage performances. If it's a talent, record it or capture it in an image and share it.**
- 4. Students are NOT allowed to sing over vocalists. If students choose to sing over music, they must sing over the instrumental version.**
- 5. Recordings must be limited to 5 minutes in length.**
- 6. Acts may be cut at the discretion of Mr. Wood for the sake of time/memory space (recordings have a 500 mb limit).**
- 7. Writing, art, and picture portfolios may be submitted, but must include the student's name and grade level on the portfolio itself. Portfolios without a student name or grade level will not be published to the schoology page.**

**8. Acts/artwork/literature must comply with all school policies. Themes and language deemed inappropriate by staff or administration will not be included in the Showcase.**
